

**Alba Public School
High School Roofing Bid**

All Contractors must be fully licensed and insured.

Tear off and removal/disposal and clean up until the job is complete.

Replace all ridge vents, drip edge. Ice/water shield to the ridge line, with double ice/water barrier in the valleys.

Utilize Landmark 40 shingles in the weather wood color. Bidder is to determine square footage of the high school wing to the elementary building.

Roof boards needing replacement are to be done on a pre-bid time and material rate.

Completion by November 20, 2017.
